LIVING REAL + HAVING FUN

Hi, we're Wine by Joe! By embracing the Oregon spirit in every bottle, Wine By Joe is crafted to be your go-to wine for any and all occasions. Located in the heart of Dundee, Oregon, our winery opened its doors in 2002, and we've been crushing grapes and taking names ever since. With Joe Dobbles as our winemaker and 30 years of experience under his belt, our wines are naturally delicious, every single time. It's been our mission to make **really good**, approachable wines at a **really good**, affordable price. It was the notion of gathering with friends, family, and neighbors to enjoy a bottle, a meal and conversation that Wine By Joe is rooted in. For us, making wine is our way of recognizing and sharing the Oregon spirit, wrapped up in who we are and how we take care of our people and our planet.

FARMING GRAPES

Whether the grapes are from our 214-acre estate Sea Breeze Vineyard with its cool coastal influences or sourced from one of our distinctive Oregon vineyard partners, we believe that **really good** wine comes from **really good** fruit. Wine By Joe's vineyard team focuses on viable farming practices and quality fruit. With location, elevation and soil types playing such a large role when sourcing grapes, we focus on creating complexity through diversity while combining grapes from different regions. Every day we're taking steps to evolve our practices at the winery and in the vineyard to produce a sustainable, greener future while crafting honest wines. And it all starts in the vineyard -- grapes have a story to tell; we just listen.
